Professional Summary

MCA student with strong foundations in Data Structures, Algorithms, and Object-Oriented Programming. Skilled in Java, Python, and MySQL with hands-on experience in developing web applications using Flask. Actively enhancing problem-solving skills through coding practice and project development. Seeking an opportunity to contribute to scalable and efficient software solutions at Infosys.

Technical Skills

- Programming:** Java (OOP, Collections), Python, C
- Web Technologies:** HTML, CSS, JavaScript, Flask
- Database:** MySQL (CRUD, Joins, Basic Queries)
- Core Concepts:** Data Structures, Algorithms, Recursion, Stack, Arrays
- Tools:** Git, GitHub, VS Code

Projects

State-Level Student Scheme Awareness Portal (Flask, MySQL)

- Developed a web-based platform using Flask and MySQL to recommend government schemes based on student eligibility criteria.
- Designed and implemented backend logic for eligibility matching using income, education level, category, and age inputs.

Sudoku Game Web Application (HTML, CSS, JavaScript)

- Built an interactive Sudoku game with dynamic grid generation and structured UI design.
- Implemented validation logic to ensure correct gameplay and enhance user experience.

Coding Practice

- Actively solving Data Structures and Algorithms problems on LeetCode.
- Strengthening fundamentals in Arrays, Strings, Recursion, and Stack.

Education

Master of Computer Applications (MCA) — 2027

Hindustan Institute of Technology and Science
CGPA: 9.7

Bachelor of Science in Computer Science — 2025

D. M. College of Science
CGPA: 8.64

Strengths

- Strong analytical and logical thinking
- Quick learner and adaptable
- Team collaboration and communication skills
